

Before you begin, please read the assembly instructions in full.

## Hanging rail

In the pack:

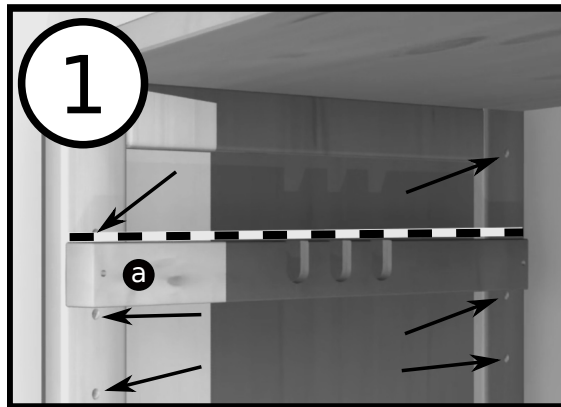

Tools required:

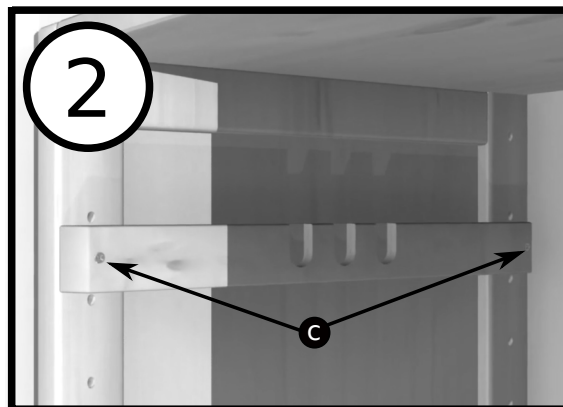

### Notes

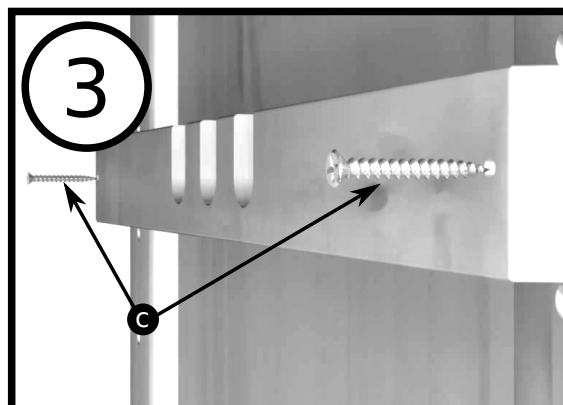

Wall attachments **MUST** be fixed to uprights when using hanging rails.

Position the rail holder **a** at the height required, making sure it is horizontal by using the holes in the upright as a guide.

Secure with 2 countersunk screws. **c**

Repeat steps 1 & 2 to the opposite side at the same height.
